

How to use VPN

VPN Stands for (Virtual Private Network this is an outdoor network connection technology (WAN - Wide Area Network) or the intranet which connects the networks in each branch together by using the internet as a center. There are tunneling or creating virtual tunneling for the data transmission. There is an encryption system to prevent the information smuggling. It is suitable for the large organization which needs flexibility in connecting to send and receive information between branches same efficiency as Private network. For the personnel and students, RSU can Search the online database that the library receives the External network via VPN system by using username and password as same as logging in through intranet. Users can use VPN through the mobile by following the steps:

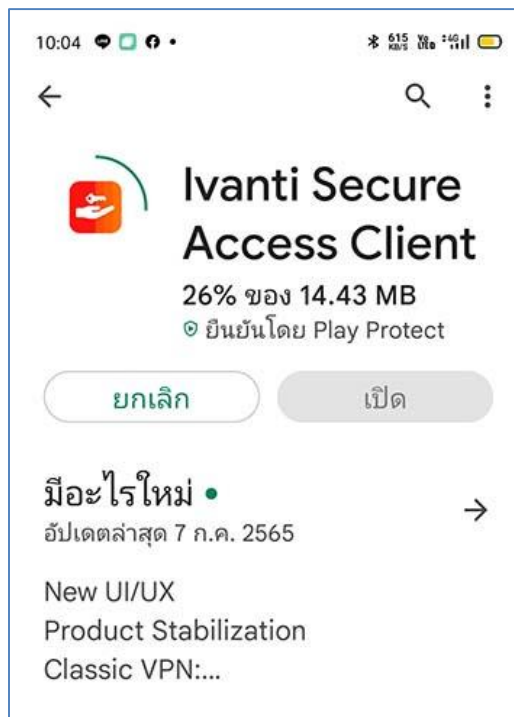

1. Download **Pulse Secure** program through **App Store** or **Play Store**.

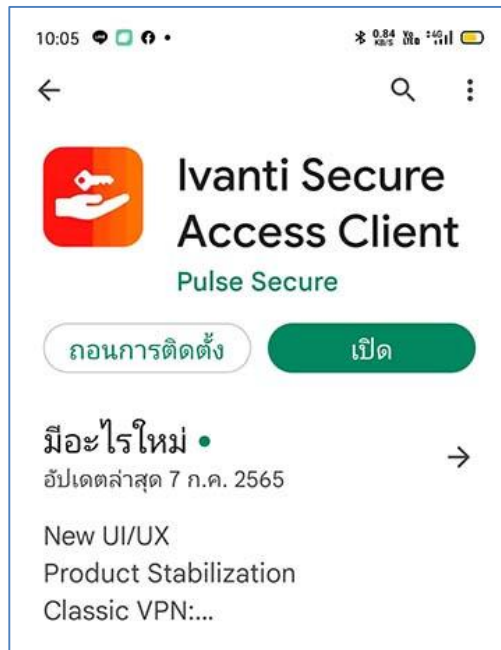

2. Searching for **Application** named **Ivanti Secure Access Client** on **App Store** or **Play Store**, and then press a **Get** button.

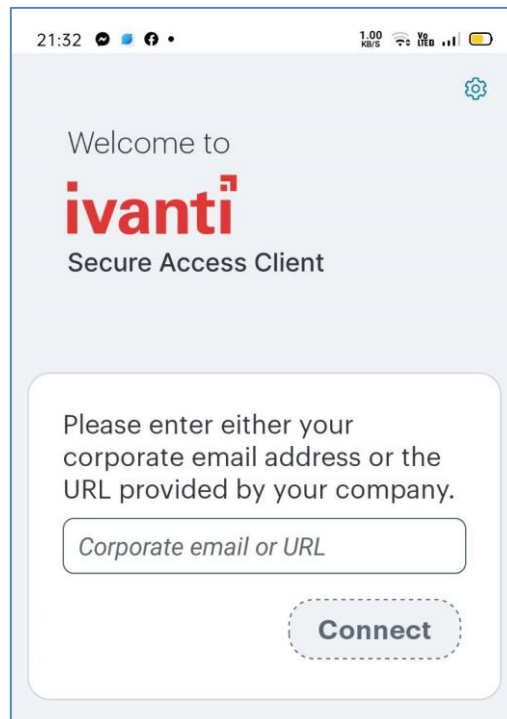

3. **Allication** will be downloaded to your mobile.

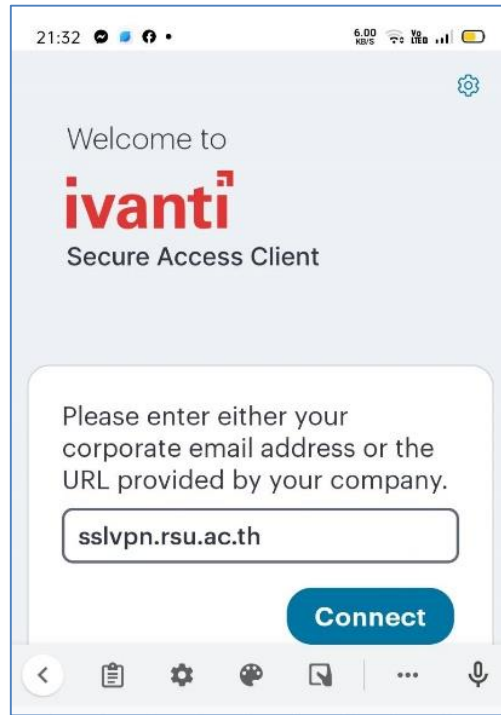

4. When the download is successful, then press **Open**.

5. **Welcome to ivanti Secure Access Client** will be appeared on your screen.

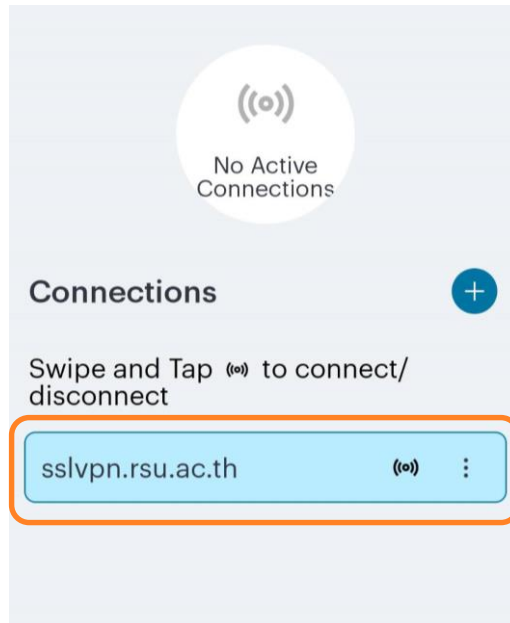

6. Put the server name for VPN : sslvpn.rsu.ac.th then click the “Connect” button

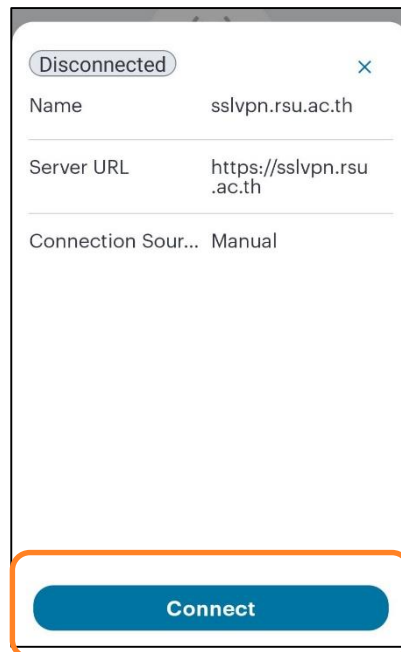

7. When **Add a Connection** appear on the screen in the **Username**, fill staff ID or student ID and in the **Authentication** select Password, then press a **Connect** button.

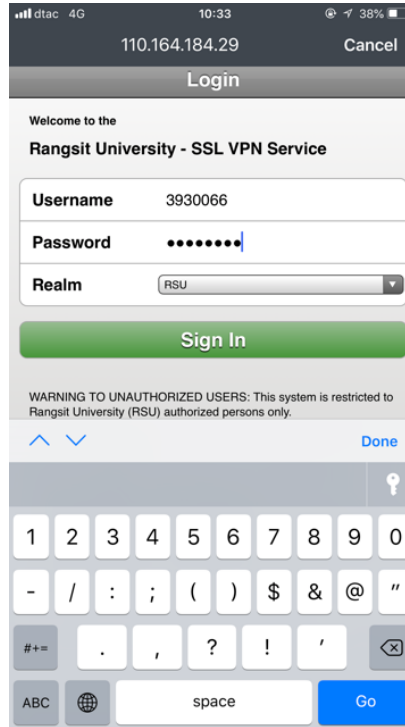

8. Connection screen will show up click the Tab

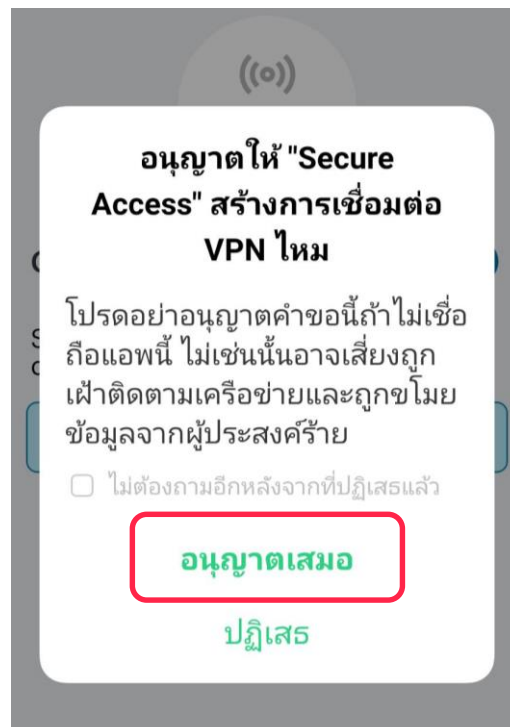

9. When the **Connection** feature appear, then press a **Connect** button.

10. The Login screen will show up. In box of the username use staff number or student number. The password put the same password that login to the intranet or your Passport Number then click “Sign In”

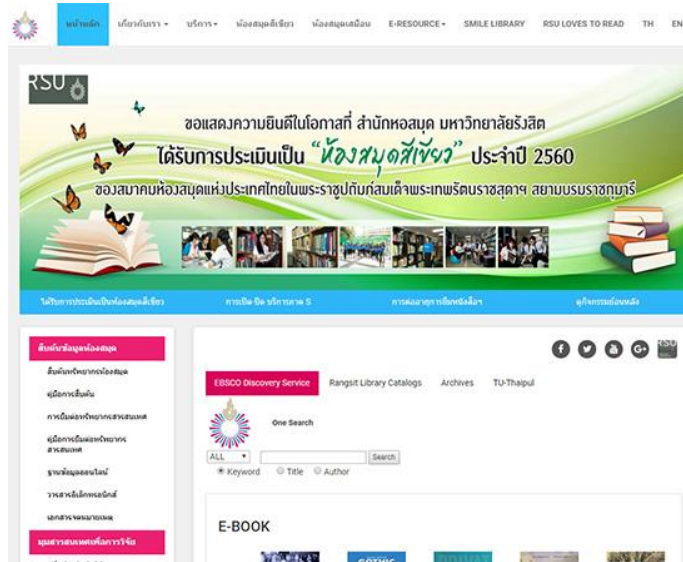

11. If the screen show up “allow pulse secure to connect to VPN? “Click the “Allow” button.

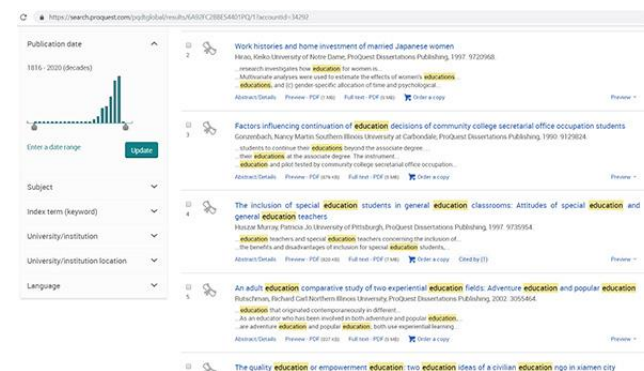

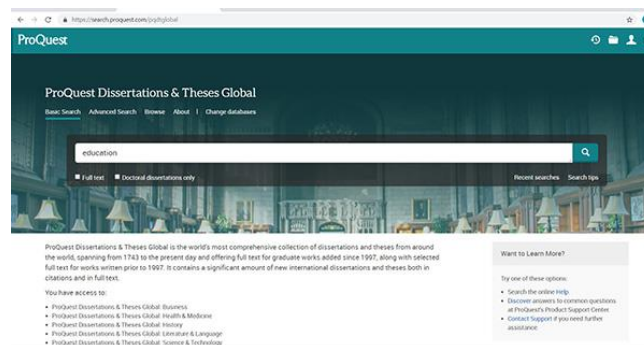

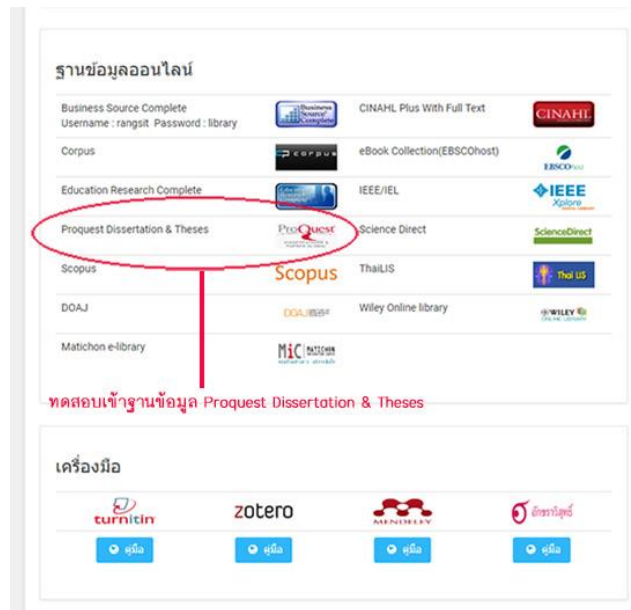

12. When **Connection** appear that's mean Login VPN is successful.

13. Go to the website <http://library.rsu.ac.th> The database can be searched for the full document as well as you search in the University.

14. At the Online database select e-books that you want to search. For example, if you choose the “Proquest Dissertation & Theses” It will take you to the next page as the following picture:

Factors influencing continuation of education decisions of community college secretarial office occupation students

Gonzenbach, Nancy Martin Southern Illinois University at Carbondale, ProQuest Dissertations Publishing, 1990. 9129824.

INFORMATION TO USERS

This manuscript has been reproduced from the microfilm master. UMI films the text directly from the original or copy submitted. Thus, some thesis and dissertation copies are in typewriter face, while others may be from any type of computer printer.

The quality of this reproduction is dependent upon the quality of the copy submitted. Broken or indistinct print, colored or poor quality illustrations and photographs, print bleedthrough, substandard margins, and improper alignment can adversely affect reproduction.

Note: If you have any problem with VPN please contact the Information Technology Service
